If you're not going to read this flyer, do you know how to recycle it?

We are now recruiting!

If you do, you could be the kind of person we are looking for to join our friendly team of volunteer Waste Prevention Advisors.

We are looking for enthusiastic people of all ages to help spread our waste prevention message and encourage fellow residents to think more widely about reducing, re-using and recycling waste.

In return we offer you:

- Full training provided by the University of Brighton - a combination of field trips and flexible e-learning;
- A chance to meet like-minded people;
- Opportunities to engage with your local community at events and groups;
- Confidence to talk to a wide variety of people about waste prevention.

If you are enthusiastic, willing, good at communicating, or have

an interest in writing, we want to hear from you.

Once you have been trained you will enjoy the continued support of the scheme co-ordinators and of your fellow volunteers.

Go to www.westsussex.gov.uk/wastevolunteers to register your interest or call **01243 642106**.

Now please turn over to find out how to recycle this flyer.
